## HIGH-TECH FROM GREENTEC

GreenTec is a Danish company specialized in machines for the maintenance of green areas. Our products are based on almost 30 years of experience in the field.

In 2005, we developed the first Multi Carrier HXF – and with this brochure we proudly present the third generation of our HXF models.

The HXF models have many innovative features that provide environmentally and economically benefits for the user while increasing the driving experience and road safety.

All machines are developed in a simple and functional design at our facilities in Denmark. We guarantee high quality and reliable products.

## OUR WARRANTY

*GreenTec provides a 2-year warranty on all machines. See more on our website: [www.greentec.eu](http://www.greentec.eu)*

## **MULTI CARRIER HXF - FLEXIBLE SOLUTIONS**

Our HXF series consists of 3 different sizes which fit most loaders. We offer numerous tools for landscape maintenance whether that be hedge trimming, fence mowing or weed removal. The tools make maintenance work a breeze and reduce the time and costs spent on tasks.

# MULTI CARRIER HXF

## HXF 2302 & 2302 TELE

- 6** Tools
- 6.6 gpm
- AHS 45°
- 2** years WARRANTY

For skid steer loaders, compact tractors and small front end loaders.

MODEL	2302	2302 T
Reach (center vehicle/end LRS)	5'11"	3'11" - 5'11"
Reach (center vehicle/end RI)	7'10"	7'10"
Transport width	4'3"	5'11"
Min. oil flow (gpm)	6.6	6.6
Alt. oil flow (gpm)	-	-
Weight without bracket (lb)	243	282

## HXF 2802 & 2802 TELE

- 12** Tools
- 6.6 - 10.6 gpm
- AHS 45°
- 2** years WARRANTY

The middle model in the HXF series, for front end loader mount mainly.

	2802	2802 T
Reach (center vehicle/end LRS)	7'3"	4'7" - 7'3"
Reach (center vehicle/end RI)	-	-
Transport width	6'7"	7'10"
Min. oil flow (gpm)	6.6	6.6
Alt. oil flow (gpm)	10.6	10.6
Weight without bracket (lb)	331	386

## HXF 3302 & 3302 TELE

- 14** Tools
- 10.6 - 13.2 gpm
- AHS 45°
- 2** years WARRANTY

For telehandlers, front end loaders, wheel loaders and excavators.

	3302	3302 T
Reach (center vehicle/end LRS)	8'2"	4'11" - 8'2"
Reach (center vehicle/end RI)	-	-
Transport width	7'3"	8'2"
Min. oil flow (gpm)	10.6	10.6
Alt. oil flow (gpm)	13.2	13.2
Weight without bracket (lb)	441	507

## THE SERIES OF MULTI CARRIERS WITH COUNTLESS POSSIBILITIES

The GreenTec Multi Carrier HXF series is a unique solution with high versatility and flexibility. You can easily mount and dismount a wide selection of tools for maintenance of green areas. We offer tools for hedgerow maintenance, grass mowing, hedge trimming and weed removal.

The Multi Carrier HXF frames can be fitted on almost all vehicles, such as skid steers, front end loaders, telehandlers, excavators and diggers. The only requirement is that the vehicle can supply 6.6-13.2 gallons of oil per minute, depending on the size of the Multi Carrier and the attached tool.

As of January 2021, all three HXF models are also available in telescopic versions. With a telescopic solution, you can reduce the reach of the arm on the Multi Carrier HXF. It is especially useful in areas with limited space, such as sidewalks, bicycle paths and orchards.

# MULTI CARRIER HXF 2302 & 2302 TELE

**6**  
Tools

**6.6**  
gpm

**AHS 45°**

**2**  
years  
WARRANTY

MODEL	2302	2302 T
Reach (center of vehicle)	5'11"	3'11" - 5'11"
Transport width	4'3"	5'11"
Min. oil flow	6.6 gpm @ 2611 psi	
Weight (lb)	243	282

## VERSATILE & FLEXIBLE

The GreenTec Multi Carrier HXF 2302 is the lightest model in the series. It can easily be mounted on smaller vehicles, such as skid steer loaders and compact tractors with a minimum weight of 2,646 lb.

Grass mowing, hedge cutting, shelterbelt maintenance and cleaning of pavements are easily done with this small, versatile and flexible machine.

## STRONG ARGUMENTS

- High road safety
- Oil flow divider as standard
- Build in anti-cavitation valve
- Easy attachment system
- Low weight

# MULTI CARRIER HXF 2802 & 2802 TELE

**12**  
Tools

**6.6 - 10.6**  
gpm

**AHS 45°**

**2**  
years  
WARRANTY

MODEL	2802	2802 T
Reach (center of vehicle)	7'3"	4'7" - 7'3"
Transport width	6'7"	7'10"
Min. oil flow	6.6 or 10.6 gpm @ 2611 psi	
Weight (lb)	331	386

## QUICK MOUNTING

The Multi Carrier HXF 2802 can be installed on front end loaders and large skid steer loaders in a few minutes.

A large selection of tools for hedge cutting and hedgerow trimming is available. It is also possible to mount a barrier mower or weed brush on the Multi Carrier HXF 2802.

## STRONG ARGUMENTS

- **Mounted on front end loaders and large skid steer loaders**
- **AHS, Automatic Hydraulic Security**
- **Build in anti cavitation valve**
- **Easy attachment system**
- **Low weight**

Transport width	7'3"	8'2"
Min. oil flow (gpm)	10.6 or 13.2 gpm @ 2611 psi	
Weight (lb)	441	507

## RESILIENT & DURABLE

The Multi Carrier HXF 3302 is the largest model in the HXF series and is mainly mounted on telehandlers, large front end loaders and backhoes.

When the HXF 3302 is mounted on a telehandler, it can advantageously be a left hand version. Thus, the driver has a perfect view to the tool.

A large selection of tools for hedge trimming and shelterbelt maintenance can be fitted to the Multi Carrier HXF.

## STRONG ARGUMENTS

- **Mounted on bigger vehicles**
- **AHS, Automatic Hydraulic Security**
- **Build in anti cavitation valve**
- **Easy attachment system**
- **Low weight**

### OIL FLOW DIVIDER

An oil flow divider is part of the standard equipment.

### ANTI-CAVITATION VALVE

Ensures that the hydraulic system does not create voids at different loads.

### SAFETY VALVE

All HXF models are delivered with an integrated pressure valve as standard equipment.

### RIGHT/LEFT VERSION

The Multi Carriers are available as a right or left version. When the HXF is mounted on a telehandler, it can advantageously be a left hand version. Thus, the driver has a perfect view to the tool.

### ROAD SAFETY

All tools mounted on the HXF frames are pointing toward the carrying vehicle during transport, which makes it one of the safest solutions on the market.

### SAFETY BREAK-BACK

AHS, Automatic Hydraulic Security with pre-pressure, is included on all Multi Carriers.

### E-CONTROL (EXTRA)

E-control and hydraulic ram for cutting angle are available as optional equipment.
